SUBJECTS NEEDED FOR UCSD RESEARCH STUDY

Dr. William Perry and his associates at UCSD are conducting a research study on how the brain controls our behavior. We are seeking adults ages 18-50 with a history of Bipolar Disorder.

You must have no serious medical or neurological conditions, including heart problems, seizures, or significant head trauma.

**Study Procedures**

- Computer and paper and pencil solving tests
- Wear a device that measures the movements of your body
- Blood draw and lumbar puncture (spinal tap)
- Participants reimbursed $105-115 for study completion or $10 per hour for study participation
- Located at the UCSD Medical Center in Hillcrest

**For More Information**
