

## Depression and Bipolar Support Alliance of San Diego

**DBSA San Diego presents ...**

**Jim Hatton, Ph.D., M.F.T.**

### **Compulsive Hoarding and Its Relationship to OCD**

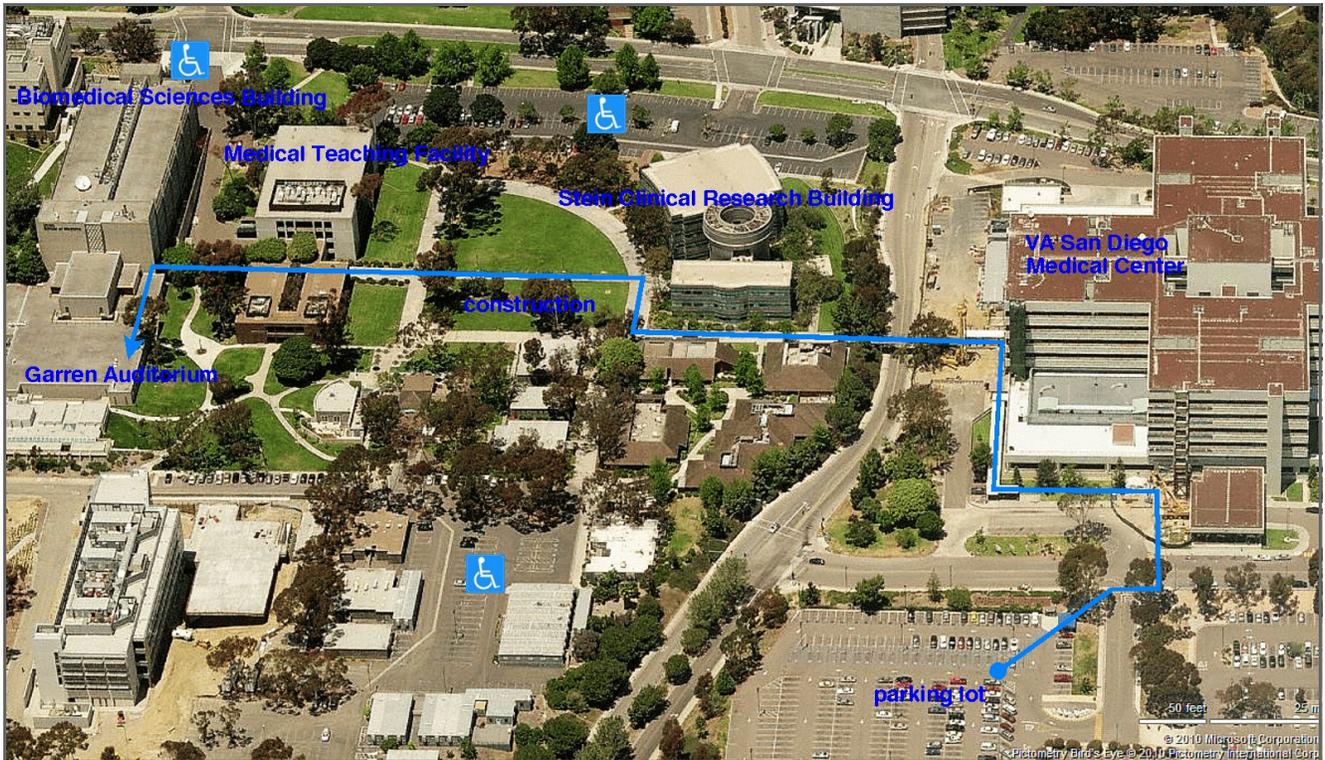

Jim Hatton will speak about compulsive hoarding and its relationship to obsessive-compulsive disorder.

**When Monday, 02 August 2010  
6:00pm – 8:00pm**

**Where Garren Auditorium  
Biomedical Sciences Building  
Medical School Campus  
University of California, San Diego  
La Jolla, California**

Jim Hatton began his professional life by getting his Ph.D. in Neuroscience, and did research as a faculty member at UCSD for almost thirteen years. To integrate his brain science background with an interest in clinical counseling, he added a Masters degree in counseling and began treating clients with Obsessive Compulsive Disorder in 1991. Since 1994 he has specialized in the behavioral treatment of OCD in children and adults from his private practice in San Diego, and training other clinicians by supervising at the UCSD OCD Clinic.

There is *free parking* in the VA San Diego Medical Center parking lot. Garren Auditorium is a short walk over the footbridge. Follow the signs for about one block. See the map on the reverse side for detailed directions. For information on parking with "Disabled Person" placards or license plates, see the Web page <http://blink.ucsd.edu/facilities/transportation/permits/disabled.html> or see the map overleaf.

# Walking Directions to Garren Auditorium

**Follow the DBSA San Diego signs with the blue arrows along the way.**

1. Start in the parking lot and walk to the bus stop in front of the VA San Diego Medical Center (usually called the VA Hospital in La Jolla).
2. Walk **west** to the covered outdoor corridor, turn **right** and walk down that corridor (along the western edge of the hospital) until you turn **left** when you get to the footbridge crossing Villa La Jolla Drive. Walk over that footbridge.
3. Continue walking past the **Stein Clinical Research Building** (on your **right**).
4. To avoid the construction area, follow the sidewalk **right** and then **left** where the fence ends, continuing toward the **Medical Teaching Facility** building.
5. Walk under the overhead walkway connecting the two parts of **Medical Teaching Facility**.
6. Continue walking until you reach the **Biomedical Sciences Building**.
7. Enter the large glass sliding doors and turn immediately **left** down a corridor, where there is a sign saying **Garren Auditorium** is in Room 1105.
8. Walk down the corridor, turning **right**, then **left**.
9. **Garren Auditorium** is down the first hallway to your **left**, Room 1105. You can enter at the bottom, where the lecturer is, or continue until you see a staircase going up on your **right**. This will take you to the top (back) of the auditorium.

Please note: The sliding glass doors to the Biomedical Sciences Building lock at 7pm from the outside, so please be sure to arrive before then.
